

Tampere Goes Agile 2017

28.10.2017

Tampere Hall, Tampere, Finland

Agile Finland ry organizes the 7th Tampere Goes Agile -conference on Saturday 28.10.2017. The venue will take place at Tampere Hall for around 140 participants. The conference will bring together the Tampere agile community and a number of agile enthusiasts from all around Finland. The conference is free of charge for the participants.

We are looking forward to the positive energy shared by our visiting international speakers and local talents. And like before, we are relying on company collaboration in making this great event possible - the event needs Sponsors.

WHY SHOULD YOU SPONSOR

The event attracts the most talented and passionate developers, data scientist and agile leaders year after year to spend one Saturday learning and sharing the latest topics within Agile. These people are motivated in developing their skills by using their free time to learn new stuff and network with others. Some of them could be looking for work opportunities, some could be looking for new ways of working, while others could be looking for ways to help their organizations improve in developing valuable software.

This event is the place where you can stand out from your competitors. Whether you are looking for passionate developers or agile leaders, want to provide tools or trainings for them or to help their organizations in their agile transformations - sponsoring Tampere Goes Agile will distinguish your company as one to remember.

This year we are also offering Sponsors a chance to build their own ways of sponsoring, which can include lunch, after-party event (food and/or drinks), speaker's dinner, coffee / tea / beverages / fruits for everyone during the event, provide video recording of the event, etc. (please do contact us for agreeing sponsoring of your own choice). Check out the sponsorship options in the table below and choose an option that best fits to your company.

SPONSORSHIP OPTIONS

Package	Price	1 place at speakers' dinner	Rollup in front of the stages	Own speaker	Stand + Rollup on the side	Own idea of visibility ³	Visibility at web site	Amount
