

Tampere Goes Agile 2013

December 14, 2013
Tampere, Finland

Tampere Goes Agile

Tampere Goes Agile conference will be organized in Tampere on Saturday, December 14, 2013. It is targeted to developers and other software professionals who are excited about agile software development. The conference will feature popular agile practitioners from Finland and other countries as speakers.

This is the third time we organize Tampere Goes Agile. The first two events were great successes, having about 200 participants.

Tampere Goes Agile is the only major Agile event in Tampere. We expect to host about 200-300 people, mostly developers from Tampere and other Finnish cities. The conference will be free of charge for the attendees.

Tampere Goes Agile is organized by Agile Finland, a non-profit organization spreading the knowledge about agile software development.

Why you should sponsor

Organized on Saturday, the conference will attract professionals who are interested to spend their free time on learning about agile and connecting to others interested. They are passionate about their work and looking for ways to improve themselves and to create better software. Some of them will be looking for opportunities to work in a more agile environment, others may want to transform their own companies for agility.

Whether you are looking for passionate developers, create tools for them, or can help their companies in the transition to agile, by sponsoring Tampere Goes Agile you can distinguish yourself as one of the uniquely agile companies.

Sponsorship options

Sponsorship level	Platinum	Gold	Silver
Sponsor's logo (size max 250px x 250px) + brief introduction of company on the conference web site. Linked to the sponsor's page.	+	+	+
